Bonjour Passager,

Ta lettre est touchante, on ressent beaucoup de tristesse.

Vois tu vraiment les choses de cette façon ?

A mon avis, il ne s'agit pas tant de tristesse que d'un trop plein de lucidité, de scepticisme ou comment, à chaque instant, se demander: "par quel miracle ce monde peut-il bien tenir debout?..." La tristesse, finalement, n'est qu'une conséquence de telles visions conte-natures, contre-productives; la tristesse est le symptôme trahissant le mal...

## Deftones::Passenger

Here I lay

Still and breathless

Just like always

Still I want some more

Mirrors sideways

Who cares what's behind

Just like always

Still your passenger

The chrome buttons, buckles on leather surfaces

These and other lucky witnesses

Now to calm me

This time won't you please...

Drive faster...

Roll the window down

This cool night air is curious

Let the whole world look in

Who cares who sees anything?

I'm your passenger...

I'm your passenger...

Drop... these down

Then... and put them on me

Nice... cool seats there  
To cushion your knees  
Now to calm me  
    Take me around again  
Don't pull over  
    This time won't you please  
Drive faster...

Roll the window down  
This cool night air is curious  
Let the whole world look in  
Who cares who sees what tonight?  
Roll these misty windows  
Down to catch my breath and then  
Go and go and don't just  
Drive me home and back again...

Here I lay  
Just like always  
Don't let me...  
    go... go... go... go... go... go... go... go... go...  
    Take me to the edge...
